6. Please give details explaining your response to 5.1, 5.2, or 5.3 below. Please be as clear as possible.

I'm concerned about the effect on Crawley of development by neighbouring authorities, eg the Homes England proposal for West of Ifield, which could destroy the rural fringe with 10,000 new homes.

How can CBC ensure the preservation of the Special Local Character and biodiversity/conservation value of the Ifield Village Conservation Area, and Ifield Brook Meadows and playing fields? I refer to para 14.39 of the Planning document: 'Public consultations have consistently shown that Ifield Brook Meadows and Ruser Road Playing Fields should be protected because of their special value to the local community. The Meadows are an important site of nature conservation with distinctive vegetation and wildlife. The northern part of the Meadows is of historic importance, forming part of the Ifield Village Conservation Area, contributing to the setting of the village and church. These elements make

this area unique and local in character.'

More generally at a time when biodiversity is being lost at a phenomenal rate, I feel it would be very sad to lose or threaten the rich flora and fauna found in the areas of ancient woodland, Ifield Brook Meadows, and abundant hedgerows of the area. According to detailed ecological surveys carried out by local residents over recent decades, the area supports species of national importance such as longhorn beetles, not to mention those previous residents which are now seen only occasionally, such as the Barn and Little Owls, Kingfisher, Skylark, Nightingale, and Hedgehog. We should be nurturing these ecosystems for future generations.

If required, please continue your response on an additional piece of paper and securely attach it to this response

7. **Please set out what modification(s) you consider necessary to resolve the issues you have identified above. You need to state why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to suggest how the wording of any policy or text should be revised. Please be as clear as possible. Any non-compliance with the duty to co-operate is incapable of modification at examination.**

Para 12.72 should refer to the need to ensure that development by neighbouring authorities on the Crawley boundary does not jeopardise Crawley's heritage and natural assets.

If required, please continue your response on an additional piece of paper and securely attach it to this response

*Your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations. **After this stage, further submissions will only be at the request of the Inspector, based on the matters and issues s/he identifies for examination.***

8. **If your representation is seeking a modification, do you consider it necessary to participate in the public examination hearings? (Please tick)**

No, I do not wish to participate in the examination hearings

Yes, I wish to participate in the examination hearings

9. **If you wish to participate in the public examination hearings, please outline why you consider this to be necessary:**

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the public examination.

If you would like to make a representation on another policy or part of the Local Plan then please complete a separate PART B section of the form or securely attach an additional piece of paper.
