Our land under the title, WSX212622, on Northgate Avenue, in Three Bridges is included in structural landscape. I believe this is by mistake. Enforcement Notice was served before the current Local Plan was adopted. It was notified to the Council that we are appealing. Hence, the inclusion should have been suspended until the decision of Inspector. Appeal was heard on 18th November 2016 under the reference; APP/Q3820/C/15/3141077. The decision was notified by email on 16th January 2017. Read paragraphs 3, 10 and 11. There was no planning history before we purchased this land. This is not true. This land was part of Mitchell's Farm and was designated for residential development by Commission For Newtowns.

Crawley borough Council appealed against the decision of Inspector in High Court. Appeal was dismissed. Decision came from Queens Bench Division Planning court under reference; CO/913/2017, on 21st March 2017.

In National Planning Policy Framework under paragraph 019 and reference ID: 37-018-20140306 it is stated that;

A Local Green Space does not to be in public ownership . However, the local planning authority (in the case of local plan making) or the qualifying body (in the case of neighbourhood plan making) should contact landowners at an early stage about proposals to designate any part of their land as Local Green Space. Landowners will have opportunities to make representations in respect of proposals in a drat plan.

We never ever been contacted for any proposal. How we could have made any representation?

This site is also ignored for residential development.

If required, please continue your response on an additional piece of paper and securely attach it to this response

- 7. Please set out what modification(s) you consider necessary to resolve the issues you have identified above. You need to state why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to suggest how the wording of any policy or text should be revised. Please be as clear as possible. Any non-compliance with the duty to co-operate is incapable of modification at examination.**

Remove our land from Structural Landscaping on Local Plan Map. This will be in line with National Planning Policy Framework. After this modification Local Plan will be legally compliant and sound.

Consider our land for residential development.

If required, please continue your response on an additional piece of paper and securely attach it to this response

*Your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations. **After this stage, further submissions will only be at the request of the Inspector, based on the matters and issues s/he identifies for examination.***

- 8. If your representation is seeking a modification, do you consider it necessary to participate in the public examination hearings? (Please tick)**

No, I do not wish to participate in the examination hearings

Yes, I wish to participate in the examination hearings

- 9. If you wish to participate in the public examination hearings, please outline why you consider this to be necessary:**

To produce the relevant documents and case files if need to be examined. Copies of the emails.

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the public examination.

If you would like to make a representation on another policy or part of the Local Plan then please complete a separate PART B section of the form or securely attach an additional piece of paper.
