6. Please give details explaining your response to 5.1, 5.2, or 5.3 below. Please be as clear as possible.

These paragraphs are related to the Strategic Policy ST4 'Safeguarding of a Search Corridor for a Crawley Western Link Road'.

There seems to be inconsistency between paras 17.24 and 17.25. Para 17.24 takes that the western relief road being necessary as a given. We question whether this is wise, given that studies in many countries show that relief roads add to traffic (through induced traffic) and reduce the motivation of people to seek public transport alternatives. On the other hand 17.25 implies that the council is not totally committed to a relief road as a solution.

We also note that the proposed corridor goes right through Willoughby Fields - a designated green space in Crawley.

*If required, please continue your response on an additional piece of paper and securely attach it to this response*

7. **Please set out what modification(s) you consider necessary to resolve the issues you have identified above. You need to state why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to suggest how the wording of any policy or text should be revised. Please be as clear as possible. Any non-compliance with the duty to co-operate is incapable of modification at examination.**

A possible modification could be to make the statements in para 17.24 seem less certain to remove the inconsistency. The use of wording such as 'a full western relief road may be necessary' instead of 'is necessary'

*If required, please continue your response on an additional piece of paper and securely attach it to this response*

*Your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations. **After this stage, further submissions will only be at the request of the Inspector, based on the matters and issues s/he identifies for examination.***

8. **If your representation is seeking a modification, do you consider it necessary to participate in the public examination hearings? (Please tick)**

No, I do not wish to participate in the examination hearings

Yes, I wish to participate in the examination hearings

9. **If you wish to participate in the public examination hearings, please outline why you consider this to be necessary:**

[Empty text box for response to question 9]

*The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the public examination.*

If you would like to make a representation on another policy or part of the Local Plan then please complete a separate PART B section of the form or securely attach an additional piece of paper.
