Regulation 19 Consultation

Representation on behalf of the Wilky Group

Policy HA5: Locally Listed Buildings

June 2021

1.0 Introduction

- 1.1 This representation is submitted on behalf of The Wilky Group (TWG), which has a long-standing interest in the promotion of strategic employment land within the Crawley Borough Council (CBC) area. This representation relates to Policy HA5 Locally Listed Buildings in the draft Crawley Borough Local Plan, 2021 (DCBLP).
- 1.2 TWG owns about 48 ha (119 acres) of land east of Gatwick Airport. The land has been promoted by TWG as a strategic employment opportunity known as Gatwick Green (the Site). The Site is proposed for allocation as a Strategic Employment Location (SEL) of 47 ha (116 acres) in the DCBLP under Strategic Policy EC4 as a comprehensive industrial-led development of predominantly storage and distribution uses under use class B8.
- 1.3 This representation notes that Policy HA5 is broadly in accordance with the advice in the National Planning Policy Framework (NPPF, 2019) and the Planning Practice Guidance (PPG). It also confirms that Gatwick Green can be masterplanned and designed so as to be in accordance with the key objectives contained in Policy HA5.

2.0 Policy HA5 – intent of policy and compliance

Intention of the policy

- 2.1 The purpose of Policy HA5 is to ensure that development seeks to retain any Locally Listed Buildings, including maintaining features of interests and preserving the character and setting of the building. Development proposals must demonstrate that they take account of the heritage significance of the building and its setting in relation to a number of defined heritage attributes.

National planning policy and guidance

- 2.2 Chapter 16 of the NPPF sets out how planning policy should provide a positive strategy for the conservation and enjoyment of the historic environment and how development affecting heritage assets should be assessed. In relation to proposals that directly or indirectly affect non-designated heritage assets, a balanced judgement will be required having regard to the scale of any harm or loss and the significance of the heritage asset. The policy guidance is broadly reflected in the wording of Policy HA5.

- 2.5 The NPPF policy is supplemented by more detailed guidance in Planning Practice Guidance (PPG) on the heritage environment¹. The PPG sets out more detailed guidance on the historic environment, including the approach to plan-making and guidance on decision-making, including the meaning of significance of an asset.
- 2.6 It is considered that Policy HA5 provides appropriate and proportionate protection for non-designated heritage assets in the Borough, consistent with national planning policy and guidance. Policy HA5 has been designed to ensure that these matters are addressed in the planning process – in relation to Gatwick Green, this will include the preparation of the masterplan, and an outline planning application with a supporting Heritage Impact Assessment in accordance with the requirements in Strategic Policy EC4.

3.0 Implications for Gatwick Green

- 3.1 Based on the Council's recent review of its heritage assets², there are a number of Locally Listed Buildings near the boundaries of the Gatwick Green allocation. The overall mastepanning of the Site under Strategic Policy EC4 will need to have regard to these assets and any other heritage features that arise from more detailed work. There will therefore be a range of heritage considerations taken into account in the design and operation of the proposals for the Site. These will include respecting the setting of these Locally Listed Buildings near the Site.
- 3.2 The Appendices to TWG's representation on Policy EC1 of the DCBLP (2020) (2020 Appendices) form part of the Council's evidence base (Consultation appendix 4b: Wilky Group appendices combined). The environmental considerations relating to heritage matters are addressed in the 2020 Appendices and subject to Addenda contained at Appendices 3 - 7 of TWG's representation on Strategic Policy EC4. These Addenda confirm that the original recommendations remain valid in the context of the proposed allocation of Gatwick Green under Strategic Policies EC1 and EC4 and any other changes in circumstances.
- 3.3 More especially, the Addendum to the Heritage Constraints Appraisal confirms that the Site can be developed whilst respecting the various heritage assets adjacent to the Site, and includes recommendations on appropriate avoidance and mitigation measures. These matters will be addressed at the planning application stage and set out in a Heritage Impact Assessment and a Design and Access Statement.

4.0 Conclusions

- 4.1 TWG acknowledges the need for the Gatwick Green proposals to address the non-designated heritage considerations relating to the Site and referenced in Policy HA5. All feasibility investigations to date indicate that the 24.1ha minimum requirement can be delivered in accordance with these requirements. The masterplan proposals for the Site required under Strategic Policy EC4 will have regard to these considerations in achieving a sustainable and well-designed scheme for the Site.
- 4.2 It is considered that Policy HA5 provides appropriate and proportionate requirements for addressing heritage and matters, consistent with national policy. Development at Gatwick Green as allocated in Strategic Policy EC4 will be designed in a way so as to avoid or mitigate any harmful impacts on the setting of the non-designated heritage assets in the area.
