I am emailing to add my voice to the many against the proposed development of Bewbush West Playing Field. This area is often used by groups of young people playing football or socialising. This is a vital outdoor space for people to use to get exercise and to make the most of good weather. Once the land is built on it will be gone forever and there will be no way to undo the damage. Small children use the playing areas for recreation and the flats will remove this opportunity.

The stream that runs through that area and the bridleway will be forever destroyed. The wildlife that now occupies that space will not return if there are flats built on that area.

The houses nearby would suffer from the increase in noise, the increase in traffic and the

large numbers of people. There is no infrastructure for the additional people; we do not have the schools or the doctors to support an additional influx. Sullivan Drive is busy enough as it is, with the additional road from Kilnwood Vale it will already become unmanageable. The last thing we need is an increase in car volume threatening our children on an already busy road.

Why do we need additional housing? There has already been a huge development on Kilnwood Vale which hasn't even been completed. Why do we need even more houses? The Kilnwood Vale development took a large chunk of countryside out and has blighted the view, do we now need an additional tower block on one of the last remaining areas of open space we have? Crawley is already a densely populated area and there is really no need to increase the number of houses when there are so many new housing developments being built.

I urge you to reconsider the application and look to the interests of the inhabitants that already live in the Bewbush area.

- 7. Please set out what modification(s) you consider necessary to resolve the issues you have identified above. You need to state why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to suggest how the wording of any policy or text should be revised. Please be as clear as possible. Any non-compliance with the duty to co-operate is incapable of modification at examination.**

No, I do not wish to participate in the examination hearings

Yes, I wish to participate in the examination hearings

- 9. If you wish to participate in the public examination hearings, please outline why you consider this to be necessary:**

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the public examination.
