Dear Sir/Madam,

I have reviewed the above referenced planning application and would like to register my objection to what I believe to be a massive overdevelopment of this site. Apparently there has already been 2 rounds of consultation but I am not aware of anybody locally being consulted on this.

For a few years now we have had to put up with the building development works at Kilnwood Vale, bringing with it noise and dust on a daily basis. As if a development of that site was not enough, we are now to have the last bit of green taken away, completely overshadowing and changing the character of the area.

The children's play area and green surrounding it is a much-valued area by local people. Not only children and dog walkers. During lockdown many families living in flats especially those with children only had this area to use and I and many others have needed this for our wellbeing during Covid.

The wide grassed area with its well established mature trees proving a buffer between the Kilnwood Vale and our homes will now be destroyed. Damaging the environment even more and taking away and killing the wildlife in this area.

The new development of 24 flats you are proposing will make us feel like we are suffocating. We already feel that we have no privacy with flats from Kilnwood Vale. More flats will now overlook our gardens and homes. There are not many areas of open green land as it is and once you build on it, it can not be undone.

I am not alone when I say that the large majority of local people do not support a further development on our door step. More flats will bring in more people and ultimately creating more problems and generating more crime.

If required, please continue your response on an additional piece of paper and securely attach it to this response

- 7. Please set out what modification(s) you consider necessary to resolve the issues you have identified above. You need to state why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to suggest how the wording of any policy or text should be revised. Please be as clear as possible. Any non-compliance with the duty to co-operate is incapable of modification at examination.**

If required, please continue your response on an additional piece of paper and securely attach it to this response

*Your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations. **After this stage, further submissions will only be at the request of the Inspector, based on the matters and issues s/he identifies for examination.***

- 8. If your representation is seeking a modification, do you consider it necessary to participate in the public examination hearings? (Please tick)**

No, I do not wish to participate in the examination hearings

Yes, I wish to participate in the examination hearings

- 9. If you wish to participate in the public examination hearings, please outline why you consider this to be necessary:**

The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the public examination.

If you would like to make a representation on another policy or part of the Local Plan then please complete a separate PART B section of the form or securely attach an additional piece of paper.
