PART B Your representation

Which document would you like to make a representation on?	Crawley submissions on Local Plan
Which part of the Local Plan does this representation relate to?	Other
Please give details.	Development of Tennis Lane sports fields
Legally compliant?	Yes
Sound?	No
Compliant with the duty to cooperate?	Yes
Please give details explaining your response.	<p>The development of the and East of Tennis Lane (page 69 of the plan) would destroy what has traditionally been a comparatively quiet leafy lane. The proposed access to any development from any of the closes off Tennis Lane, which are a little too narrow for such a purpose in any case, would put excessive strain on the local infrastructure and would be intolerable for anybody living there now, or in the future, in terms of volume of traffic and congestion and would be highly detrimental to the safety and mental health. The existing sports fields have always provided an opportunity for the town's inhabitants, including many children, to play sports and to exercise and to use this amenity would be appalling and short-sighted. Once gone they could never be replaced.</p>
Please set out what modification(s) you consider necessary to resolve the issues you have identified above.	<p>I would want to see this area removed from the plan as a possible area for housing. Carey with developments at Forge Wood and other areas around Crawley, which have already destroyed large swathes of countryside, it makes sense to develop those areas further rather than infill current green spaces in the town.</p>
If your representation is seeking a modification, do you consider it necessary to participate in the public examination hearings?	No, I do not wish to participate in the examination hearings
